

Nance,

Thanks so much for all that you did to make our weekend trip to Washington, DC a huge success.

James was awesome and really exceeded my expectations in his job performance. He's such a "people person" in every respect and has the gift of unending patience and composure. Bless him for the gift of satisfying a big group of senior citizens. Whew!!! can be challenging!

Chris, our driver, was fantastic and got us to each destination promptly and safely. He was never 'antsy', at least not visibly when his passengers were a bit slow in reboarding after stops.

Bryan, our step-on guide was outstanding! He never tired of responding to our questions, teaching history and informing us; super personality.

The Sheraton Hotel in Reston was superb - attractive, comfortable, quiet with a courteous staff.

Dining in each locale was enjoyable as was the entertainment on the eve of our departure.

Kudos, and many thanks again for affording us a delightful experience.
